Dear Senator _____ ,

As a person of faith, I live by values that are rooted in biblical teachings. I believe that every person has been created in God's image and therefore, is worthy of being treated with dignity and respect. I believe that God has a special love for the poor and calls each person to do all he/she can to alleviate their suffering. I believe that as one of the wealthiest countries in the world we have an obligation to care for our neighbors in need. I believe we have a responsibility to care for the created world and to work for the preservation of life from conception through natural death.

It causes me great distress when I see policies enacted that are antithetical to these beliefs. Specifically, I ask you to:

(You may write specifically an ask that is meaningful to you such as: Healthcare, Gun control, Death Penalty, SNAP, Immigration, life issues.)

Ask your senator to support legislation that is consistent with your beliefs.

Sincerely,
